My dear Sam.

Mr. Church and I went over to Oakland and spent an hour or so with Mr. Williams today. He was surprised to see both of us, especially Mr Church & seemed equally delighted. I explained to him why you did not get over again to see him, and said you intended to write him from Jamieson.

I rather expected to find a letter from you on my return but can understand the time necessary for it to get here. I cannot expect it more until I rest

Wednesday I suppose. I hope I shall hear from you before I start to Arizona - on 21st -
Did I tell you that I have arranged with Dr. Church to go up and examine the Mammoth. He will look into the whole situation
He goes up Monday night and he will hardly get back before I leave - but will write me at Tombstone. I have mentioned Morton's difficulties and covered, or rather adopted a word of my own to express what I fear regarding the veins! Sporadic. Perhaps it might apply to James's property.
I have answered enclosed so you need not trouble it -
Ever yr affectionate father
